

DAS BOOT

DAY #4

MATERIALS

NEEDED: Video (*Segment #3: 33 minutes*)
Transparency: (*see attached*)

PREVIEW / REVIEW FOR TODAY'S SEGMENT

1. The U-96 escaped yesterday's scrape with the destroyer and the depth charge attack with no serious damage. Days pass with no action, and the crew is restless and edgy. The food is no longer fresh, and conditions in the sub are becoming increasingly unpleasant.
 - A. First reference to transparency: *Schimmel ist gesund.*

2. Go through list of words to see which one students remember and/or can figure out

3. Refer back up to "*asdic*": What options did a submarine commander have in order to try to escape detection by sonar?
 - A. Refer also to Pre-Viewing Question #14
 - B. To what depth is the submarine certified? (90 meters)

4. See if students can figure out the last line, a quote from the video.
 - A. Who is Johann? Why is he important?

Schimmel ist gesund.

Geleitzug

Frachter

Zerstörer

Luftwasserbomben

Asdic!

ping - ping - ping

Wasserdruck

**What options did a submarine captian have
to escape sonar detection?**

Verdammt nochmal! Drehen Sie nicht durch!
