

# Southeast Nebraska EdTech Conference Invite

Monday-Tuesday, June 11-12 at Beatrice High School--Beatrice, NE

## Are You Preparing Students for Future Success?

The Southeast Nebraska EdTech Conference supports districts in implementing three components of the Future Ready Framework: Technology-enhanced instruction fostering **digital age skills**; **BlendEd Instructional Strategies** for enhancing differentiation, promoting mastery learning, and authentic assessment; and **Personalized Professional Learning** supporting educators as they advance on their personal path toward Master Teacher.

### **Digital Age Skills**

Educators will explore ideas for engaging students in deeper level thinking through projects demonstrating both acquisition of content area standards and digital age skills (as defined by the ISTE Standards for Students). The ISTE Standards provide a scope and sequence for accomplishing this goal.

### **BlendEd Learning**

If promoting student acquisition of digital age skills is the WHAT, BlendEd learning instructional strategies is the HOW.

Session presenters will include educators and ESU staff involved in the statewide BlendEd Pilot Project.

### **ESU 5 ISTE Challenge**

All Educators will be invited to expand their learning beyond the conference through participation in the ESU 5 ISTE Challenge. This FREE online course asks educators to **identify** overlaps between content area standards & ISTE Standards, **explore** ways to foster these digital age skills, and **implement** instruction accomplishing this goal.

## Don't miss this two day event!

### **Registration**

District discount for multiple registrants offered through May 1.

### **District 2 Day Discount**

5 Participants: \$90 per Participant  
10 Participants: \$80 per Participant  
20 Participants: \$70 per Participant  
30 Participants: \$60 per Participant

### **Individual**

2 Days: \$100  
1 Day: \$75
