

LMS Best Practices

An online learning management system (LMS) is an essential tool for digital age teaching and learning. At the elementary session we will focus on using Seesaw to collect student work. Seesaw is an incredibly versatile tool facilitating student portfolios with images, text, videos, and external links. Better yet - Seesaw allows you to effortlessly connect with parents. In the MS / HS workshop - we will dive into the different key features of a LMS (Layout, Discussions, Assignments, Quizzes, and External Tools). Examples will be provided in Canvas and Google Classroom.

Participants will also gain access to an online course packed with extended resources.

All levels of Tech Users (Beginner - Advanced) are welcome!

Elementary Teachers

PK~6

Date: June 4

Time: 9:00-3:00

Location: ESU 5

Facilitator: Nick Ziegler

Secondary Teachers

6~12

Date: June 5

Time: 9:00-3:00

Location: ESU 5

Facilitator: Nick Ziegler
