

Workshop Title: K-1 Science Unit Training	
Date(s):	Jun 9, 2023
Time:	9:00 am - 3:00 pm
Location:	ESU 5 - 900 West Court Street - Beatrice, NE 68310
Registration Information & Fees:	<p>Cost: \$0</p> <p>Food: Morning refreshments and lunch will be provided. \$20 per participant will be taken from schools service credit until funds are depleted then schools will be billed. No showings schools will be charged.</p>
Stipend Eligibility	Title IIA
Target Audience:	Science Teachers for grades K and 1
Description:	<p>We still do not have high quality instructional materials available for Science education at the elementary level. ESU 5 has been vetting individual units that are individually "badged" for quality. We now have a full K-12 curriculum that is available to you (freely if your district participates in our science program, fee-based if not). This workshop will provide in depth training on the first unit that you would implement in your classroom in the fall (along with all of the needed materials for check out). We will highlight all of the additional "bells and whistles" that we have added to the units to make them more teacher friendly and easy to use. An overview of the year's curriculum will be provided. Deep dives into each unit will be provided throughout the school year.</p>
Materials Required:	Computer and writing utensil
Presenters:	Annette Weise, Patrick Brommer and Matt Dworak
Questions for ESU Organizer:	
<i>Educational Innovation for Teaching and Learning</i>
