<b>Description:</b>	The term "science of reading" refers to the research that reading experts, especially cognitive scientists, have conducted on how we learn to read. This body of knowledge, over twenty years in the making, has helped debunk older methods of reading instruction that were based on tradition and observation, not evidence.
<b>Materials Required:</b>	<a href="#">Speech to Print</a> will be provided to each registered participant.
<b>Presenters:</b>	Mary Jo McElhose, Nebraska MTSS Joni Runge, ESU 5
