Registration Information and Fees: No cost. Morning refreshments will be provided. Lunch on your own. Register on the ESU 5 website <https://www.esu5.org/events>.
Limit of 2 per district.

Description: This four-day training series is intended to build local expertise within your district with the use of eduCLIMBER. A national trainer from Illuminate will provide detailed training on relevant topics in the morning from 9:00-11:30. Attendees are encouraged to stay for the afternoon and work on customizing your district's eduCLIMBER system with the new skills just taught as well as ask questions and learn from other ESU 5 districts. By the end of the series, attendees will have gained skills to help support implementation and use within your district.

Overview: The training content will be provided in 4, non-consecutive, 3-hour sessions from September through November. The topics covered will vary to be responsive to district needs however topics include, getting started, navigating academic data, incident data, attendance data, student 3D, developing custom cohorts (tagging), collections, analytics, meetings, interventions, custom forms, and more!
