| <b>Target Audience:</b>                                        | Those working with district data                                                                                                                                                                                                                                                                                                                        |
| <b>Description:</b>                                            | The purpose of Data Work Days is to help districts collect, visualize, and interpret data. This includes the EduClimber work our area has invested in. Nick will also be available for help with Google's Looker Studio.                                                                                                                                |
| <b>Materials Required:</b>                                     | Computer                                                                                                                                                                                                                                                                                                                                                |
