Title IIA Eligibility	No
Target Audience:	PK-12, 18-21 Special Education Teachers, Behavior Specialists, Special Education Directors, PK-12 & 18-21 General Education Teachers, School Psychologists, MTSS School Wide Team Members
Description:	<p>This workshop takes a deeper look into the essential components of a Functional Behavior Assessment (FBA). The FBA is used to inform and help create an effective Behavior Intervention Plan (BIP). Having a good understanding of the FBA process increases the fidelity of implementation and empowers those involved in the process. We will engage in applicable exercises and activities that align with best practices and participants will leave the training with the skills to create and implement FBAs that will lead to appropriate and effective BIPs.</p> <p>Participants should bring a previously completed FBA to the workshop. If you do not have one, we can provide a sample for you.</p> <p>This is a two part series - We would like for people to sign up for both sessions - The other session will be held on November 19, 2024.</p>
Materials Required:	If they have one, they should bring a previously completed FBA.
Presenters:	Heidi Farmer (NeMTSS Regional Lead), Kara Coble (NE ASD Network), Amy Colwell (NeMTSS Early Childhood MTSS Implementation Facilitator), Mackenzie Riedel (NeMTSS SEBL Specialist)
