Stipend Eligibility	Yes
Target Audience:	This is open only to the group who has participated in Cohort 2 during the 23-24 school year.
Description:	The term "science of reading" refers to the research that reading experts, especially cognitive scientists, have conducted on how we learn to read. This body of knowledge, over twenty years in the making, has helped debunk older methods of reading instruction that were based on tradition and observation, not evidence. This series will help teachers grow their knowledge and teaching and learning practices to be aligned with SOR.
Materials Required:	None
Presenters:	Joni Runge, ESU 5 and Mary Jo McElhose, NeMTSS
Questions for ESU Organizer:	N/A
